HYPNOVATIONS

Clinical Hypnosis Education and Training

BASIC CLINICAL HYPNOSIS WORKSHOP

This 20 hour workshop prepares clinicians to immediately begin incorporating hypnosis into their practice. This workshop includes 12 hours of lecture and demonstration and 8 hours of practicing hypnotic skills in small groups closely supervised by senior faculty.

INTERMEDIATE CLINICAL HYPNOSIS WORKSHOP

This 20 hour workshop will provide skills, strategies, and techniques for utilizing hypnosis in clinical practice for practitioners who already possess the fundamental skills of hypnosis. This workshop includes 15.5 hours of lecture and demonstration and 4.5 hours of skill practice in small groups supervised by senior faculty.

ADVANCED CLINICAL HYPNOSIS WORKSHOP

Dr. Kahn, PhD, the Director of the Institute for Clinical Hypnosis and Research, specializes in hypnosis and behavioral medicine and hypnosis with couples. In this six hour workshop he will present a model for hypnotherapy with couples and how to assess resilience in the partnership. Dr Kahn will also present a four-phase treatment approach for managing anger with hypnosis.
